

Dear Actors,

We are the Kultark, a Hungarian actor agency, founded by Gréti Fellner casting director, with a considerable amount of Western European and American film production service works.

Until now, in addition to continuous work, we didn't have time to build an international actor database, now, in this way, we want to reach those who are interested in the possibility of appearing in these films.

Primarily, we are looking for freelance actors who speak English or German or French well. If an actor, without speaking these languages, is interested, of course we are also interested in him/her.

Since our work in those international productions are service jobs, we are not working on the film's main budget but on a sub-budget. We keep the smaller roles, which are defined by a salary between 620 and 920 euro/day. We can't pay travel and accommodation costs above this, except in some special cases.

In most cases, we are able to guarantee imdb-credit.

At first, this is an opportunity for both parties: we can show the productions a richer offer, and the actors have the opportunity to be chosen for a role, so we have to see who is interested, who we can think of.

Our references can be found on our website: <http://kultark.com/eng/> and on imdb: [Gréti imdb](#)

Interested actors are kindly requested to provide the following materials and send them to [actorcontact@kultark.com](mailto:actorcontact@kultark.com) email address:

- 1-2 photo, headshot
- intro video in every language you speak (separate one in each language)
- showreel (if available)
- imdb link (if available)
- phone number (required)

We are looking forward to the applications, we would be happy if we could provide opportunities to as many talented actors as possible!
